Dear Paul

Thank you very much for your time last week

I thought it might be helpful to follow up with some more information on some of the topics we have discussed:

- Some more detail on our efforts to ensure [election integrity](#) (including combatting misinformation) and the latest update on our efforts to establish [greater oversight and governance of content](#) management
- A recent Australia-centred blog post we published about [algorithmic transparency](#).

There are plenty of topical issues on the run at the moment. If it would be helpful for us to discuss further at any stage, please don't hesitate to get in touch.

We look forward to continuing to work with you on these important issues.

Kind regards,

Mia
