Dear Tim

**Official information request for Low Cost Low Risk projects in the RLTP for 2018-2021**

I refer to your official information request dated 17 November 2021 for a breakdown of all Low Cost Low Risk projects which were allocated funding under the Low Cost/Low Risk category, for the period 2018-2021, in the 2015 RLTP.

On 26 November we submitted a response via [www.fyi.org.nz](http://www.fyi.org.nz), requesting that you contact us in order to discuss your request in further detail. We did not hear from you so have transferred your request to Canterbury's ten territorial authorities. The information to which your request relates, namely—information on which projects included improved pedestrian or cycling facilities, what the locations of the improvements were and what their budget allocation was—is not held by us but is believed to be held by the individual councils. In these circumstances, we are required by section 12 of the Local Government Official Information and Meetings Act to transfer your request.

You will hear further from the individual councils concerning your request.

Yours sincerely

Katherine Trought  
Director Strategy & Planning
