- The detailed data from which the hourly usage for each of the car chargers for each day over the months of February, March and April 2022 can be derived
- If it is easier, the raw, anonymized, charger transaction data for each of these car chargers over the requested months can be provided as an alternative to item 2

Usage information is request for the amount of these chargers are used. More specifically, this requests the data from which the following can be derived:

- Amount of time each hour of each day that Two Chargers are used
- Amount of time each hour of each day that Three Chargers are used

Wellington City Council has **granted** your request for information.

Please find attached to this email two spreadsheets containing the requested information above. The spreadsheet titled 'Car Charger Usage Report' provides usage report for one day, and the spreadsheet titled 'Car Chargers Usage-Hourly Basis' provides a breakdown of the chargers use, broken down hourly by each charger over the requested period of time.
