Kia ora koutou,

They have responded:

Could I respond with:

Kia ora kōrua. It is standard practice for all protests to request a TMP - we would never discriminate based on age.

We simply do not have the budget to be able to provide these temporary traffic management (TTM) services

TTM is a competitive industry so you may be able to find competing quotes or sponsorship like last time?

Ngā mihi nui, nā ^Simone

Thoughts?

**Subject:** RE: Strike 4 climate - TMP

Kia ora all,

To clarify a couple of points;

- WCC is not asking for any funds to supply traffic management, we do not provide temporary traffic management (TTM) services.
- We do agree that a right to protest exists & in no way inhibit the right to protest.
- We do have a responsibility to ensure that these activities are undertaken in a manner that ensures safety for all.
- We have requested a traffic management plan (TMP) be provided.
  - This is a standard response for all protest activities
- The quote is likely to have come from a TTM provider, not too sure who or for what services.
- This is a competitive industry & they may be able to find competing quotes / sponsorship
- Last protest the SS4CC group arranged sponsorship to pay for TTM, this sponsorship was withdrawn at the 11<sup>th</sup> hour & costs were covered by Council (I believe the Te Atakura team).
- T&I does not have a budget to spend on this activity & we have advised the organisers of this, both last year & this.

Cheers, Sean

Kia ora Jacqui,

Just an FYI, we have been tagged in this tweet about charging for a protest TMP:

For large protests, we are required to charge for TMP for public safety – is that right?
