3. *A full list of trucks which are either reaching or have reached their end-of-life service*

We need to extend this aspect of your request to 13 March 2023, to enable us to consult with you to clarify your request.

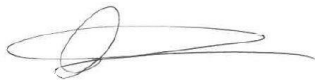

On 7 February we sent a request asking the you to clarify what you mean by 'end-of-service-life' with a follow up email being sent on 16 February. We have not received a response from you.

The reason we need to clarify your request is because we do not use the term 'end of life service' for appliances. Instead, we have 'target asset life dates' for all appliances. We can provide this list if it would fulfill your request. Please advise if that is the case.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Note also that this response (with your personal details removed) may be published on the Fire and Emergency website.
