Importance: High

Hi s9(2)(a), s9(2)(g)(ii)

We have received an order from s9(2)(b)(ii) for a Transit Case containing space models of Mini-DRFD Tx and Rx, STIX, xRx and Viking. This means the units have the normal external components but the insides do not contain any electronics, they are empty shells.

Do we therefore need to obtain an EUC from the customer?

Best Regards

Hi s9(2)(a), s9(2)(g)(ii)

We require your expert advice ☺

We are purchasing a DC/DC Converter from s9(2)(b)(ii) through our sub contractor s9(2)(b)(ii) in s9(2)(b)(ii) are asking s9(2)(b)(ii) for a signed End User Statement before they will supply the Converter.

Our issue is that the goods are being purchased for a stock build not a sale. Eventually they will be sold under export control but at this moment we don't know who to

Is there a standard way to deal with this? I have attached a copy of the form for your info.

Best Regards

REPORTING REQUIREMENTS AND PERMIT CONDITIONS

It is a condition of this consent that details of all exports made under this consent are reported to the Ministry on a six monthly basis.

Reports are due on the following dates:

30 October 2014

30 April 2015

Required Report Information is as follows:

- The permit number the goods are exported under; being MFA00900002947F.
- The name and address of the end user.
- The name and address of the intermediate consignee, if applicable.
- The date of shipment of the goods.
- The items exported and the number of each item exported.
- A total value for the goods exported in the reporting period. This information is treated as 'Commercial in Confidence'.

Please forward reports to the Ministry of Foreign Affairs and Trade by email to exportcontrols@mfat.govt.nz, by fax to (04) 439 8519 or by post.

The following conditions also apply:

- This permit expires on 30 April 2015.
- These goods are subject to NZ export controls. The Exporter must advise end-users that the goods are subject to export controls and express prior written authorisation of the Government of New Zealand is required for re-export, re-sale or otherwise disposal of the equipment or any part of the equipment.
- Consents may be revoked at any time.
- If an extension of this consent is required, re-application must be made.
- This permit must be kept in a safe place and be made available to authorities if requested.
- When making non-electronic exports, please provide a copy of this permit to the New Zealand Customs Service so they may clear the items for export.
- An individual licence must be sought for the export of any controlled products to countries outside the approved list until otherwise advised.
- Any change made to the controlled functionality of the product or products must be notified to the Ministry of Foreign Affairs and Trade.

Conditions of Export

1. This permit is valid until 14 October 2014.
2. Please provide a copy of this export permit to the New Zealand Customs Service; or if the goods are to be exported by airline as unaccompanied or accompanied airfreight - to the relevant airline officials at time of check-in.
3. When export goods are being returned to the overseas owner following repair or refit in New Zealand, the exporter has undertaken that the work done has not affected the use of the equipment nor provided additional capability above that required for reliability improvement.
4. Please contact this office either by email exportcontrols@mfat.govt.nz, by fax 04 439 8519, or by post, if the actual quantity exported varies from the quantity listed on page two of this document.
5. Permits may be revoked at any time prior to the shipment of the goods. Should an extension be required, re-application must be made.
6. If you have any questions regarding this Export Permit, or are asked to report on details of shipments or re-import into New Zealand as set out on the following page/s, please contact this office. Please quote the Permit Number provided above on all correspondence.

Cc: s9(2)(a)
Subject: s9(2)(b)(ii) Purchase Order 3724

Hi s9(2)(a), s9(2)(g)(ii)

To recap our phone conversation this morning we are currently holding equipment at our premises for a Purchase of BIRIS Systems to s9(2)(b)(ii). The equipment has been paid in full but we cannot ship until we have received a signed End User Certificate from the customer which will enable us to apply for an Export Licence.

The customer has suggested an internal transfer to their Auckland premises to avoid having to pay MAS Zengrange storage fees. You have confirmed that this can be done on condition that the goods remain in Auckland until the Export Licence has been granted.

We will need to go back to our contact at s9(2)(b)(ii) to confirm the plan before we bring s9(2)(a) into this. to

I will email you again including s9(2)(a) when this is confirmed.

Best Regards

Hi §9(2)(a), §9(2)(g)(ii)

I hope your trip to Australia last week went well ☺

I have a query regarding the attached Export Licence for §9(2)(b)(ii). The Sales Contract is between MAS Zengrange UK §9(2)(b)(ii) but the goods are being sent direct from NZ to §9(2)(b)(ii). We have reviewed the Letter of Credit for this contract and one of the clauses is that all documents must have §9(2)(b)(ii) as the consignor. Because of this we are thinking that it might be easier to ship the goods to §9(2)(b)(ii) and then they can on-ship to §9(2)(b)(ii).

To do this will we need to recreate a new EUC with MAS UK as the intermediate? Or is there an easier way to do this? It took a long time to get the customer to sign the current one.

Best Regards
