Dear Mr. Shaw

Official Information Act Request

I refer to your request for information of 18 April 2018 where you requested the following information:

1) The number of CCTV cameras installed each of the main campuses (Kelburn, Pipitea and Te Aro).

2) The number of CCTV and other security cameras installed across all properties owned and operated by Victoria University of Wellington.

3) The number and locations of any CCTV and other security cameras installed on property not owned by Victoria University which are still operated by Facilities Management.

Please find below a table containing the information that you requested:

Number of CCTV cameras deployed by the University by location and building status (owned and operated) as of May 2018:

	Kelburn campus	Te Aro campus	Pipitea campus	Other properties	Totals by University owned/operated properties or leased
Victoria owned and operated	258	21	51	16	346
Other	0	0	12	108	120
Totals by location	258	21	63	124	466

Please note that the 'other properties' category includes locations which do not comprise the three main University campuses, such as Park Road, Marine lab, Kitchener St, Marsden Street 314TT, and includes the two Halls of Accommodation (Weir House and Te Puni Village) that Campus Safety manage the cameras for, as well as all the University Halls of Accommodation that are operated by the University.

This data has been broken down into buildings which are owned and operated by the University, and those that are leased or cameras deployed on land owned by the Wellington City Council. These numbers do not include cameras owned, operated and deployed by our vendors. However, the number does include cameras deployed by Campus Safety into vendor's sites.

The actual numbers of cameras deployed constantly fluctuates as we endeavour to meet demand/reduce risk and ensure proportionate and effective deployment. The number is current for today only.

Yours sincerely
