Dear Tahuariki

I refer to your information request dated 1 November 2022 made under the Official Information Act 1982. You have requested grade and mark breakdowns for the compulsory Physics papers in 2022:

- PHSI131
- PHSI132
- PHSI221
- PHSI222
- PHSI381
- MATH130
- MATH140
- MATH202
- MATH203

Subject to the below comments, please find attached the information you have requested. Please note that there are two sheets in the attached document (one for each subject).

- please note that MATH130 was offered in Semester One and Semester Two in 2022. Our response includes grade and mark breakdowns for both semesters.
- students who withdrew from these papers are excluded from the data.

I trust that this information will be helpful.

Yours sincerely
