Data file of finalised maturity assessments for public offices audited since 2020/21

Thank you for your request, received 21 September, regarding maturity assessments for public offices audited since 2020/21. You requested:

“I request a single data file (eg, a .csv) of the finalised maturity level assessments (overall maturity and per topic maturity) for all public offices audited since FY2020/21.”

Please see our response below.

Single data file of the finalised maturity level assessments for overall maturity of public offices audited since FY2020/21

This part of your request is refused under section 18(e) of the Official Information Act as “the document alleged to contain the information requested does not exist or, despite reasonable efforts to locate it, cannot be found”. Te Rua Mahara o te Kāwanatanga Archives New Zealand does not capture overall maturity of public offices and so cannot supply this data.

Single data file of the finalised maturity level assessments per topic maturity for all public offices audited since FY2020/21

This part of your request is refused under section 18(d) of the Official Information Act 1982, as “the information requested is or will soon be publicly available”.

As you note in your request, the information requested is available on www.archives.govt.nz/manage-information/how-we-regulate/monitoring-and-audit/audit/audit-reports, but is not currently available as a data file. This information is likely to be of public interest. Therefore, we will be making the *public office audit maturity ratings by topic* data available on www.data.govt.nz/ in .csv format. We anticipate the data to be publicly available by 4 December 2023, as there is significant collation needed.
