Your request for official information, reference: HNZ00038542

Thank you for your email on 15 February 2024, asking Health New Zealand | Te Whatu Ora for the following under the Official Information Act 1982 (the Act):

The list of agencies provided in attachment 1 does appear to answer the thrust of my original request (it looks like this response may have been posted to the older request thread).

In my initial request I asked for some details about the funded NGOs - name, contact details, area of operation, services provided, and access criteria. Now that a list has been generated, is it possible to also provide these details? Or alternatively understand the reasons for refusing that part of the request?

I appreciate this has asked for information that is apparently difficult to collate - I am grateful for the work that has gone into this.
