Hi Diane,

Please note the following action points from our first meeting with the Minister, and things to be covered in upcoming supplementary briefings. I suspect there are a number of these topics which will already be covered in briefings to come.

Immediate action
<ul style="list-style-type: none">• a detailed outline of the Senior's portfolio budget so the Minister can come to understand the financials• a copy of MSD's org chart with an understanding of where the seniors portfolio sits, what the reporting lines are, including delegations through health and the Aged Care Commissioner
Supplementary topics
MSD lead <ul style="list-style-type: none">• s9(2)(f)(iv)• understanding the Age-friendly network and what the councils are delivering under it• an outline of data on elder abuse Other portfolios <ul style="list-style-type: none">• a summary of issues to do with ARC including HCSS, particularly how placement allocation is decided• understanding the review of the Retirement Villages Act (I will seek that a briefing is forwarded to the Minister for Seniors through the Minister and/or the Associate Minister for Housing)• understanding resourcing consent and the Building Act for the purpose of modifying units for older people

I have set up weekly officials meetings every Monday from 11:15-12:00pm up until Christmas. I suspect this may carry on for a short while into the new year.

The Minister will send me through a list of questions that she has regarding the BIM which I will forward on as soon as possible. I may not receive this until Monday.

Hopefully I have included everything above. Anything else....??? We have our first team meeting with the Minister tomorrow at 9am so I will get some more face to face time with her. If there is anything I need to clarify or raise with her, please let me know by **COP today**.
