Your request for official information, reference: HNZ00035461

Thank you for your email on 8 January 2024, asking Health New Zealand | Te Whatu Ora for the following under the Official Information Act 1982 (the Act):

"I refer you to my previous OIA HNZ00023978 which states: "From 13 November 2021 to 26 September 2022, a total of 478 applications for Significant Service Disruption exemption (SSD) were received. 103 applications were granted, covering approximately 11,005 workers."

These were vaccination exemptions under Clause 12A of the Covid 19 Public Health response (Vaccinations) Order 2021.

Subsequently my OIA HNZ00027972 has a response on the 29th Sept 2023 which states, "All those who received 12A exemptions per the previous response (ref. HNZ00029378) were in health-related work. "

Under clause 12a of the order, it says in (6):

The Minister may impose conditions on the exemption as the Minister considers necessary.

Would you kindly share details of ALL of these conditions that were imposed on these (approx) 11005 workers for their vaccination exemptions by the Minister? Please include all emails, correspondence, minutes and meeting notes related to these conditions as well."

Response

The Significant Service Disruption (SSD) exemption process was established to operationalise Clause 12A of the COVID-19 Public Health (Vaccinations) Order 2021. It was managed first by the Ministry of Health and then by Health New Zealand | Te Whatu Ora from 1 July 2022. Decisions to grant or decline SSD exemption requests were made by the Minister for COVID-19 Response.

Clause 12A allowed Persons Conducting a Business or Undertaking (PCBU) in the health and disability sector to apply for an SSD exemption in a situation where the lack of vaccinated staff could severely disrupt the delivery of health and disability services. The health and disability sector is made up of Health New Zealand | Te Whatu Ora, Ministry of Health, and privately-run businesses.

This provision was in force from 15 November 2021 until 26 September 2022 and during this time, 102 applications were granted covering 8,051 health and disability workers. Please note that this differs from the total number of applications and affected workers previously released in OIA HNZ00023978, which stated that 103 exemptions were granted covering 11,005 workers. These

discrepancies are each due to administrative data input errors recently discovered in a review of SSD exemption data.

An SSD exemption was granted to an organisation, covering named workers, and was intended to allow those workers to work for a limited period of time until vaccinated. All SSD exemptions were temporary, lasting for a period of between 7 days and 8 weeks. An SSD exemption did not apply outside the workplace, so the workers could not apply for a My Vaccine Pass, unlike those who were granted a Temporary Medical Exemption.

Conditions were communicated via a letter that granted the application. All conditions related to the period of time which the granted exemption was valid for. The length of time that each exemption was valid for is provided within **Appendix One**.

With regards to your request for minutes and meeting notes, we have identified a number of documents in scope of this part of your request. This material needs to be reviewed and redacted to remove sensitive information under section 9(2)(a) of the Act, to protect the privacy of the individuals, before being collated. Because of the high number of applications received and considered for SSD exemption, there is a significant volume of material to review. We are therefore not yet able to provide this information to you, however, we will provide a response to you as soon as we are able to.

Health New Zealand | Te Whatu Ora aspire to meet all requests in a timely manner and apologise for the delay in providing a response to this part of your request. It is important that you receive a comprehensive response to your request so please be assured that work is continuing on your request and is considered a priority.
