OFFICIAL INFORMATION REQUEST

Please see attached a copy of an email dated 14 December 2019 from Mr John Luke which requests official information concerning a range of information relating to minutes of a meeting of the Aotea Conservation Park Advisory Committee held on 7 October 2019 (see this link for a copy of the agenda papers and minutes for this meeting: <https://www.doc.govt.nz/about-us/statutory-and-advisory-bodies/aotea-conservation-park-advisory-committee/>).

I am transferring Part 5 of the request to your Council under section 14 of the Official Information Act 1982. Part 5 of the request seeks a copy of a “biosecurity plan”. The plan in question was prepared by one of Auckland Council’s legacy councils under the Biosecurity Act 1993, and is a biosecurity management plan prepared to support a Controlled Area Notice established under the Act for the Hauraki Gulf.

I have advised the requester that I am transferring this part of the request and enclose a copy of that letter.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Andrew Baucke'.

Andrew Baucke
Director Operations, Auckland
