Dear Patrick

I refer to your request of 3 December 2020 for official information regarding the safety assessments for the railway crossing and the intersection on Marsh's Road, Rangiora.

Please note that the focus of the Transport Impact Assessment was on the Southbrook Road corridor due to its impact on the network. Volumes of traffic at the railway line at the time of the assessment were lower, but a growing district has seen an increase in traffic using this route.

Due to volume of the documents pertaining to the Transport Impact Assessment, the files have been copied to the enclosed pen drive.

Therefore please find enclosed the following:

- Pen drive:
- The Commissioners report
 - Transport impact assessment
 - Roding Managers evidence
 - The peer reviewers evidence

I trust this answers your current query.

Yours sincerely

Sarah Nichols
