Dear Chuck Schooner

Official Information Act request relating about WEF, WHO & Foundations Associated with Bill Gates

Thank you for your request made under the Official Information Act (the Act), received on 14 January 2022. You requested:

“Are you aware that there have been filings in International Court against numerous entities and individuals that are more than likely associated with the release of Covid-19

- Klaus Schwab, Tedros, Bill Gates, Fauci, Pfizer et al - Yes or No

More than likely these people are responsible for the release of the virus and also profiting from the experimental gene therapy and our PM has ties to these organisations

- Has the PM been requested to provide any written correspondence/evidence to these filings - Yes or No

- How much funding is provided to the WHO annually? Whilst these filings are underway are there any emails/filings that consider halting funding to the WHO?

- What is the funding agreement with WHO? What are the ethical conditions associated with providing funding - for example are there restrictions on our funding such as these agencies can't be involved in virus manipulation or does the NZ Government blindly donate and not watch what is going on?

- What recourse is available to New Zealanders if it is found that WHO are complicit in the release of this virus.”

I believe that the following parts of your request is more closely connected to the functions of the Ministry of Health:

“Are you aware that there have been filings in International Court against numerous entities and individuals that are more than likely associated with the release of Covid-19

- Klaus Schwab, Tedros, Bill Gates, Fauci, Pfizer et al - Yes or No

More than likely these people are responsible for the release of the virus and

also profiting from the experimental gene therapy and our PM has ties to these organisations

- How much funding is provided to the WHO annually? Whilst these filings are underway are there any emails/filings that consider halting funding to the WHO?

- What is the funding agreement with WHO? What are the ethical conditions associated with providing funding - for example are there restrictions on our funding such as these agencies can't be involved in virus manipulation or does the NZ Government blindly donate and not watch what is going on?

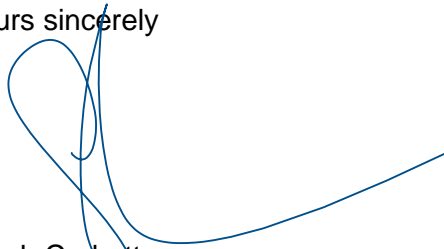

- What recourse is available to New Zealanders if it is found that WHO are complicit in the release of this virus."

As such, I have decided under section 14(b)(ii) of the Act to transfer this part of your request to the Ministry of Health.

Your request "*Has the PM been requested to provide any written correspondence/evidence to these filings - Yes or No*" is more closely connected to the functions of the Prime Minister, Rt Hon Jacinda Ardern. Accordingly, I have decided under section 14(b)(ii) of the Act to transfer that part of your request to Prime Minister.

The Ministry of Health and the Prime Minister has the usual timeframes under the Act from receipt of this transfer to make a decision on your request.

Yours sincerely
