Operation s6(c) Operation Order summary

Overview

This report provides a summarised overview on the content of an Operation Order. An operation Order provides a guideline that the Operation Commander outlines the intent for a specific operation, how they would deploy resources and the factors that may/will impact on the event/s being policed. How to mitigate or manage those factors

Operation Order – s6(c)

Operation s6(c) centred on 2 rally's that occurred in Auckland City on the 25th March 2023.

Let Women Speak Rally

Time 11:00 am. Date: Saturday 25th March 2023. Place: Albert Park Auckland City

This rally was organised internally with the guest speaker Kellie-Jay Keen Minshull aka Posie Parker. The theme of the rally was (on Facebook) *"Women want to be heard! We won't be erased, we won't be appropriated, we won't be silenced"*.

Stand With Us

Time: 11:00. Date: 25th March 2023 Place: Aotea Square Auckland CBD

This rally was organised by Vision New Zealand Political party founded by Hannah Tamaki. The rally is promoted as *"The fight isn't over! Let's continue to stand together ad against government to stop the sexualisation of our children in schools. Power belongs to parents not the state"*

Threat Assessment

With all operations we utilise intelligence information/learning in identifying and or mitigating crowded places events. This also looks at general and specific (if any) threats, other factors that may impact or affect the event i.e., persons of interest, location, interested parties, opportunities.

Response

The order provided guidelines on our responses, from deployment, what to be cognisance of, what is our intent, how we deploy and the level of reporting. All deployment will have a layered response protocol, this will include timing, staff numbers, and including utilising tactical assets as circumstance dictates. A critical aspect of how the police response is encompassed in the Police mission for this event which was, *'to keep the peace by policing the Let Women Speak and Vision New Zealand events that enables all people to be safe and feel safe.'*

Administration and Logistics

This covers Police resources tasked to and deployed to a specific event, including contingency and escalation protocol and when they can be deployed/executed. This talks to reporting line, timing, and reinforces Standard operating Procedures (SoP).

The “Let Woman Speak” event in Albert Park – Saturday Morning is growing legs in terms of Police Response required. As outlined in my email below and the attached Intel product

I need to identify staff that are working that we could pull into assist manage the risk.

I’m hoping you can scan across your areas (Rach & Kitch) and the RP group (Ngahiraka) to see who is on can be utilised.

With ops under the pump I’m throwing a minor op order together

Would appreciate any assistance

Sean / Shaun / Jules and Ngahiraka

When we initially assessed this event it was BAU for monitoring, but considering a few factors now I think it warrants upscaling to a minor operation
Those factors being:

1. Green party asking for her not to be let into NZ
2. Counter protest clashes in Melbourne

See articles attached

<https://www.1news.co.nz/2023/03/19/rainbow-greens-ask-govt-to-ban-anti-transgender-activist-from-nz/>

Jules: Are you able to identify staff working that could be pulled into a minor op?? with some contingency/escalation?

Shaun: For continuity with being your duty weekend, will you be able to contact the organiser??

Sean: Can someone in ops throw up a minor order?

TM Intel for scanning please

TM Intel CAA: Can you add to ops and events slide for Friday

Good Afternoon Sean, (Senior Sergeant)

When we spoke last you said you would be following any intel regarding possible counter protests. I am sure your people have seen the following:-

This is being shared by Tamaki Anti-Fascist Action , Trans Liberation Alliance.

I would like to talk again about this development .

To date I haven't had any further contact with the police so it would be reassuring to have a follow up conversation.

Good Afternoon [REDACTED]. Thanks for taking my call earlier today. In relation to your event on 25/03 I can advise the following:

- I have completed a Notification for the event and asked for further scanning by our Intel section for any counter protest activity.
- It has been put into our District calendar for staff awareness.
- I have advised our duty weekend staff with a view that they attend and make contact with yourself and if there are any other counter protest group to set some expectations.

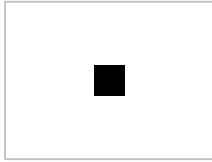

Once I have some firmer detail I will get back to you or have the duty weekend S/Sgt to make contact with you.

Subject: PSU staff volunteered to work with you on Saturday

Hi

Just following on from the meeting this morning Operation **s6(c)** for this weekend.

Ben and the team are on RDO's but some of them have kindly volunteered to work as a small PSU unit providing that 'just in time' training as well as support to your teams for the high probability of clashes between these group.

So Emma, Alex and Gav as your Acting Senior Sgt for these duties will be with you if you can please include them in your joining instructions.

Emma, Alex and Gav – thanks very much for volunteering to do this and it will be a big help to the commanders as the attention to these groups grow. The group is Let Woman Speak and will feature the lady that has just recently been in Melbourne. At the same time there are groups from Counterspin , Auckland Pride and Mrs Tamaki so it has been suggested these all could conflict – so hopefully that gives you enough background to why we needed your support. I know Ben has given you an RDO for tomorrow but please also don't hesitate to claim a SNSC

Thanks again

Kia ora,

Please see below as approved by the Wellington District Prevention manager:

Police are aware of these events planned for Wellington and Auckland and Police planning is well underway. This includes intelligence gathering, risk assessments, working with relevant partners, and engaging with potential protestors. Police have sufficient resource available on the day of the events and will respond to any incidents appropriately.

Kia ora all

Not expected we would need operational details and fully aware of the quick turnaround (sorry!). But something along the lines you have proposed around Police planning is underway/advanced, resourcing, undertaking risk assessments, engaging with partner agencies ie Police are working with Immigration directly?

I'll talk to the relevant AC (Sam Hoyle) now – but I imagine it will just be similar to the below – Police are aware of it and have planned for it and have sufficient resource available should it be required – I don't think we'll be able to go into operational detail.

Kia ora,

Further to s.9(2)(a) OIA text to you - in relation to the attached MBIE briefing, with INZ advice to Minister Wood, Minister Wood has sought more information from Police as follows:

- Would like to get some more specific information from Police about any risks they see to public order
- He wanted to understand the thinking from Police on their assessment that the events in Melbourne did not make any difference to their overall assessment.

They have asked that Police share this information with Immigration NZ – to incorporate into any future advice (and so they are aware of what Minister Wood has asked Police.

Can we please have this by **12pm** - via an email is fine as well as confirmation that it has been shared with INZ

Please let me know if you had any questions

AIDE MEMOIRE

Title

Date:	20 March 2023	Priority:	High
Security classification:	Res trict ed	Tracking number:	2223-3097

Purpose

This aide memoire provides you with information regarding the case of Kellie-Jay KEEN-MINSHULL.

Simon Sanders
Acting Chief Operating Officer
Immigration New Zealand, MBIE
20 March 2023

Background

1. British anti-transgender activist, Kellie-Jay Keen-Minshull (hereinafter referred to as KEEN), is expected to travel to New Zealand later this week.¹
2. KEEN, also known by the pseudonym Posie Parker, has shows scheduled in Wellington and Auckland this weekend as part of her 'Let Women Speak' tour.
3. KEEN holds an NZeTA. INZ's border officers are responsible for assessing if travellers meet the immigration requirements to be granted entry permission and a visa to enter New Zealand.

Process for cases like this

4. All visa waiver individuals are subject to NZeTA checks and balances and are required to declare certain adverse information (e.g. convictions).
5. Should INZ become aware that an individual like KEEN intends to travel to New Zealand an assessment will take place prior to the expected travel if time allows.
6. This can involve:
 - a review of all publicly known information
 - engagement and advice from NZ Police
 - engagement and advice from MBIE Intelligence
 - engagement and advice from MBIE Legal.
7. Following this assessment, INZ will weigh and balance and decide whether there is reason to believe that KEEN is likely to be, or is, a threat or risk, to the public order and that the threshold to consider her to be an excluded person is met under Section 16 of the Immigration Act 2009 (attached at Annex One for reference).
8. If they are found to be subject to s16, then they are not visa waiver travellers and will be prevented from boarding any flight to New Zealand. Each case is considered based on the individual circumstances and is determined on its own merit (or lack thereof).

Freedom of expression of opinion and ideas

[LEGALLY PRIVILEGED]

s.9(2)(h) OIA

¹ her last event in Australia is 23 March and her first one in New Zealand is 25 March.

New Zealand Police view

16. On 20 March 2023, NZ Police were asked if their views had changed following the events in Melbourne over the weekend. They advised they do not intend to produce an updated intel note as they consider the developments over the weekend fit within the landscape they anticipated in the original product.

Similar cases

17. Lauren Southern and Stefan Molyneux (Canadian nationals) hold similar arguably views to KEEN. Both were approved visas³ in 2018 and they both travelled to New Zealand.
18. Jordan Peterson is a Canadian psychologist, author and media commentator. He travelled to New Zealand visa waiver in 2019 and 2022.
19. Tyler Gregory Okonma (aka Tyler the Creator) is an American musician. Media reported he caused a riot at a concert he was performing in 2014, so there was assessment against the 'public order' requirement. While he was initially refused boarding, he was later allowed to travel. He was approved visas in 2014, 2019 and 2022. He travelled to New Zealand in 2012, 2020, and 2022.
20. David Irving is a UK national who is a holocaust denier. He was prevented from travelling to New Zealand because he was subject to s15 as he had been deported from Germany (so s16 was not utilised).

Options for INZ

21. A risk assessment has been carried out, MBIE Legal have provided advice and information from NZ Police has also been received.
22. If INZ concludes, based on the information to hand, that there is **no** reason to believe that KEEN is likely to be, or is, a threat or risk, to the public order and that the threshold to consider her to be an excluded person under s16 is not met, then KEEN will be allowed to travel to New Zealand as a visa waiver traveller.

² through Facebook.

³ Work Visa Entertainers (pre NZeTA)

23. Alternatively, if the risk assessment gives INZ reason to believe that KEEN is likely to be, or is, a threat or risk, to the public order then the threshold to consider her to be an excluded person under s16 would be met. A border alert would be placed on KEEN, and she would be prevented from boarding any flight to New Zealand. She would be advised of this decision.

If the Minister wishes to intervene

24. If INZ determines KEEN is not an excluded person and can therefore travel to New Zealand visa waiver, the Minister's office will be advised.
25. If the Minister has reason to believe that KEEN does present a threat or risk to the public order, he can decide she is an excluded person under s16 of the Act and not entitled to travel to New Zealand visa waiver and may not be granted a visa or entry permission.
26. To support his consideration, INZ could provide further publicly available information regarding KEENs background.
27. The Minister could direct officials that he has reason to believe that she does present a threat or risk to the public order. Officials would then provide documentation for the Minister's formal decision to be recorded.
28. A border alert will be placed on her, and she would be prevented from boarding any flight to New Zealand. Officials would send her notification of the Minister's decision.

Kia ora,

Further to s.9(2)(a) OIA [REDACTED] text to you - in relation to the attached MBIE briefing, with INZ advice to Minister Wood, Minister Wood has sought more information from Police as follows:

- Would like to get some more specific information from Police about any risks they see to public order

- He wanted to understand the thinking from Police on their assessment that the events in Melbourne did not make any difference to their overall assessment.

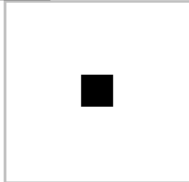

They have asked that Police share this information with Immigration NZ – to incorporate into any future advice (and so they are aware of what Minister Wood has asked Police.

Can we please have this by **12pm** - via an email is fine as well as confirmation that it has been shared with INZ

Please let me know if you had any questions

Hi s.9(2)(a) OIA

The below is what we're saying re Police response to the protest (pretty much the same as what was said at the weekend):

*The role of Police at events like these is to keep the peace, and uphold the law, while recognising the lawful right to protest
Police is well-practised in dealing with these events, and our staff work to ensure an effective response is provided based on the circumstances at the time.
Police were at Albert Park on Saturday morning as well as Aotea Square monitoring these events and the counter-protests.
As soon as it became clear there was a potential safety risk to the Albert Park event speaker, she was escorted from the area by police staff.
Police did not make any arrests on the day, but we continue to make enquiries into all reports of offending during Saturday's events.*

And to specific queries around how many arrests, complaints, what are we doing etc

*Police did not make any arrests on the day, but we continue to make enquiries into all reports of offending during Saturday's events.
This includes enquiries into a collision between a motorcycle and a pedestrian near Albert Park on Saturday. Ambulance was not required, and we understand that the pedestrian sought medical advice.
We are also reviewing CCTV footage and video of the protest posted to social media to determine if any other offending may have occurred.*

Beyond that the answer is that it's an operational matter and any questions should be referred to Police.

Kia ora all

I've received the final commissioning from Press Sec and have included you all in this. It is in preparation for Minister Andersen's interview with the Nation in the morning so a deadline of 2pm please.

I'm hoping a lot of this you can get from the BIM although mindful it is for the Minister to speak

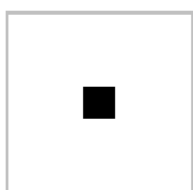

in a public setting – hence why I’ve sent this commissioning to you all.

I’ve added the earlier commissioning that I sent through earlier to this request as some was a double up.

In relation to the Posie Parker lines, Sarah I know you sent them over last night. This is additional to just add some reassurance e.g. Police will have an increase in presence/Police deal with this all the time??

Happy to discuss further.

Hi [s.9\(2\)\(a\) OIA](#)

I've followed up with our media team whether we will be making any further statements today around Posie Parker.

We have had a few media enquiries around the Police response to the protest which we will be responding to today, but nothing proactive.

Timing of our response is TBC as the response is awaiting sign off, but it is along the same lines as what we have already stated over the weekend.

As per our usual process our media team will send this through to you for your information when we respond to the journalist.

Let me know if you need anything else.

Kelly-Jay Keen aka Posie Parker, is touching down in Auckland soon:

Saturday, March 25

11am - 1pm

Come & share your thoughts about womens' & girls' rights being protected.

We're going to need people to turn out in force or she will be drowned out by the loud-mouthed trans who have no manners. I went to a talk by Speak up for Women regarding the Births, Deaths and Marriages Act before it was passed, in Wellington, and had to walk through two lines of yelling male trans supported by their female butch friends, who were aggressive and intimidating, and who were trying to stop people entering the building. I imagine they would have something similar planned for Kelly-Jay too.

I absolutely agree with you but this is a much more involved and dange... Agreed, this self identity is absurd. And needs to be disposed of. The problem extends from our societies acceptance of abnormal behaviours. That's the problem and it is solved by declaring that biological men are men and biological women are women and there is nothing in between!

SINCE WHEN DID A WOMANS' & GIRLS' ADVOCATE
BECOME A POTENTIAL SECURITY RISK

It is a world gone mad when immigration is still considering denying access to a woman's rights campaigner.

Kelly-Jay Keen aka Posie Parker simply wants to protect women & girls' spaces & rights.

This was once an admirable thing. But because offence is now taken by men who wear dresses & want to identify as women her free speech is in jeopardy.

Posie Parker will be in Auckland this Saturday, March 25, Albert Park 11am - 1pm & Wellington on Sunday, March 26, Civic Square 2 - 4pm.

I love the level of stupidity on display. A dog can identify as a cat all it wants. It's still a dog. Apparently the dogs "feelings" are more important than the cats reality.

Clown World!!!

Swannie

Jon

The lunatics own the asylum we simply rent space. Free speech is only... Speech should be free with the usual injunctions against hate speech but it's not. When media and politicians label anything they find distasteful as hate speech of some form there is no free speech nor is their freedom of expression. When a feeling trumps reality you know you're society is f#@&ed.

Let the Women on and let's hear her. If it was a Trans Man coming in these wimp politicians we have would welcome him.

'Rainbow groups take Immigration Minister to court over Posie Parker decision'

<https://www.rnz.co.nz/news/political/486572/rainbow-groups-take-immigration-minister-to-court-over-posie-parker-decision>

The groups are trying to have her visa overturned on the basis of her entry into NZ is putting their communities in danger:

"The facts in this case are clear, and the minister's failure to act is putting our communities in danger. We are not opposing freedom of speech, we are opposing the measurable threat to public order and the safety of transgender people."

BRADEN, Carol 24/03/2023, 7:06 AM

I considered not going to the Speak up for Women rally to listen to Posey Parker because I was concerned that by doing so I would be drawing a line in the sand and declaring myself as anti-trans, when I'm not.

But then I realised that's the very reason I should go.

Self-cancellation because of fear of being judged as socially immoral, is the favourite weapon of the 'jar shakers' at the top of the giant Ponzi scheme we seem to live in.

You know them. The jar shakers who convinced everyone we were reckless death merchants if we didn't get jabbed. The ones who decided that anyone who questions what co-governance is really about is simply a racist. The ones who would have us all believe eating meat is the slow equivalent of letting off a nuclear bomb. The same ones who are now purporting you're a transphobe if you say "hang on a minute, that's going a bit too far..."

So I'm going. Not because I'm "anti Trans". And not because I'm even "pro women". But because I'm anti the cry-bullying of a radical few that demand I choose a side when actually a more nuanced conversation needs to be had.

I will be standing for the right to have a non-binary world view rather than the them-or-us duopoly dictated to me by woke wowsers who'll label me 'a Nazi' if I don't wholly choose to be on their side.

I'm going for the genuine transgender/ transsexual people who just want to get on with living rather than be constantly thrown under the bus by a few loud, ideological zealots.

I'm going because I'm anti the woke bureaucrats who think that deliberately and aggressively creating social division is part of their job description. (Just fix the damn pipes, Tory!)

But most of all I'm going because I'm pro free speech. Free speech is what assures us of diversity in its truest sense. And having the liberty to stand for what you believe in, is what protects personal rights and individual freedoms for every single one of us.

Kia ora all

I have just spoken to NSIT. Counterspin Media have apparently posted today that they have invited PARKER to speak in Christchurch over the weekend. Given the flight bookings there could be some credibility to this. NSIT expect a number of our right wing fraternity to attend the Bridge of Remembrance Protest on Sunday. They will advise me of any specific intel as it comes to hand.

PATEL, Janvi 25/03/2023, 7:47 AM

Good morning! Janvi in DCC today. s9(2)(a)

GRAY, Daniel (Dan) 25/03/2023, 8:13 AM

Albert Park this morning.

Four people down here, unsure what faction they are supporting

GRAY, Daniel (Dan) 25/03/2023, 8:13 AM

We acknowledge **tangata whenua** and the rich **takatāpui** history that has been gifted us.

We acknowledge **trans women**, particularly **trans women of colour**—our community owes so much of our progress to you, and we will always stand with you.

We acknowledge our **queer, gender diverse and intersex elders** and the legacy of protest, celebration and existence that has been passed down for us.

The kōimahi at **RainbowYOUTH** have been disheartened by the increasing transphobic discourse in Aotearoa and around the world. For many of us, the bigotry and racism that we have faced personally is what has led us to take our work in service of our communities. While we acknowledge the part these experiences have played in our lives, **experiencing bigotry and racism should never have to feel like a 'rite of passage' for young people** in order for them to live their lives.

Moments like these where people choose to weaponise fear and misinformation, **our thoughts are with rainbow young people**. Our inherited legacy from those who have come before us reminds us of the **power of community**.

In saying that, our message to young people in the face of such adversity is that we are committed more than ever to building an Aotearoa where you all thrive, where whānau embrace and support their trans and gender diverse members, where young people can access gender affirming care and safe housing, and where **you can meet people like you (because there are so many people like you)**.

Our message to you is that **our existence will outlive their hate**, that we are building a world where **trans youth will become trans elders**, and join us in celebrating this legacy of protest, celebration, existence, and most importantly, love for those that follow them.

To our young people that are out, that are still finding their way, that are reclaiming the words that reflect your identity, that are simply just existing.

**Our kaupapa is bigger than them.
Our community is bigger than them.
And our love for you will always be bigger than them.**

Love always,
RainbowYOUTH Staff

PATEL, Janvi 25/03/2023, 8:14 AM

Rgr that, DCC have cameras up for monitoring.

There is security fencing being erected around the rotunda.

I believe **s9(2)(a)** at the rotunda. Forest green jacket, hair tied back. He is outside the fencing.

GRAY, Daniel (Dan) 25/03/2023, 10:29 AM

Disregard earlier. **s9(2)(a)**. Live streaming a video.

Counter protest set up at the fountain. Rental fencing around with various LGBT flags tied to it. Crowd about 20-30 at this stage. Setting up with water and masks.

ADAMS, Jack 25/03/2023, 10:06 AM

Counter crowd ramping up, numbers maybe doubled.

GRAY, Daniel (Dan) 25/03/2023, 10:08 AM

12-15 people at the rotunda. Still setting sound gear up.

Individuals from the counter-protest walk over, take photos or videos then leave.

GRAY, Daniel (Dan) 25/03/2023, 10:11 AM

s9(2)(a)

About 10 people have approached the rotunda. They are talking to two from that side. Everyone is filming, on person getting animated but not overly agitated. But more banners and placards coming across

GRAY, Daniel (Dan) 25/03/2023, 10:17 AM

Maybe 25-30 outside the rotunda fencing now, with 7-8 inside the fence. Four security guards in orange hi-vis present inside the rotunda. s9(2)(b)(ii) on their tshirts.

Meeting point for today's counter-protest is by the fountain in Albert Park, at 10:30am.

We will be sharing plans and a safety briefing for the day. We welcome you to join us

Speeches - in the green zone
Deplatforming noise demo - the red zone
both start 11:00am

GRAY, Daniel (Dan) 25/03/2023, 10:36 AM

A lot of motorbikes have come past, loudly revving. Likely headed to Aotea

PATEL, Janvi 25/03/2023, 10:37 AM

Ways to keep yourself and others safe during the day:

- Hide identifying features (tattoos, piercings, etc). Wear masks. Wear clothes that blend in with others. Pack a change of clothes for after the protest if you can.
- Bring food and water, make sure you are hydrated, well fed and energised.
- Use sun protection! Hats, sunglasses, and lots of sunscreen!
- We expect the protest to be very noisy. If you have sensory issues or are easily overstimulated then please bring earplugs and practice self care. Talk to one of our safety team if you need a quiet spot to recover.
- Do not publish photos or videos of our side that would allow someone else to identify the people involved without explicit consent. Ask for consent before taking pictures of peoples' signs. Do not post images of your fellow community members online - this is to protect the safety of our community. Point any cameras towards the other side, transphobes, cops, etc. Be aware that choosing to photograph or film protesters carries risks to yourself and others. Recording/distributing photos and videos of protesters increases the possibility that they will be harassed, stalked, and/or doxxed.

Zones:

During this protest we will be utilising different zones around Albert Park to keep people as safe as possible.

We have organised our protest into three different zones. Continue reading for more information on this:

Red zone:

Spaces immediately in front of Posie's group. This is the riskiest zone to be in. We encourage cis allies to come to the red zone if they feel comfortable doing so as a means of using their privilege. More cis people at the front means that trans people get more freedom to choose where to be in this protest.

Orange zone:

Spaces in between red and green, and bordered by the metal "D" sculpture and the row of trees closest to Princes Street. Covers roughly areas between the rotunda and the fountain. Carries moderate risk in relation to the other two zones.

Green zone:

Covers the surrounding open area near the fountain. Think of this as a "home base". This is where you can go if you're less confident protesting where things will be the loudest. This zone is not risk free but we will do our best to make it as safe as possible for protestors.

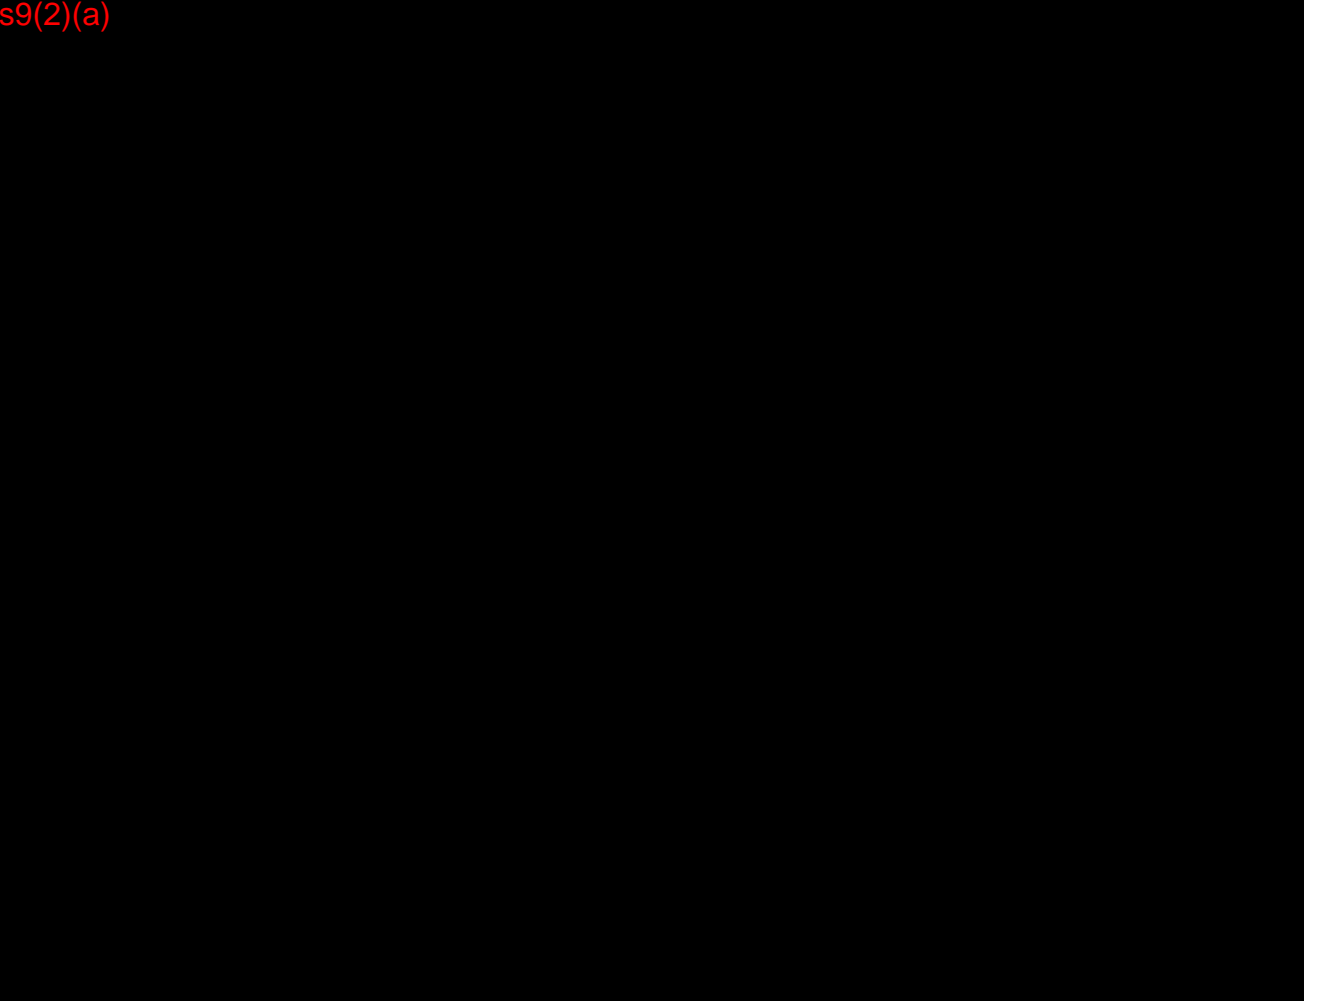

Do note that if you need to travel to another part of the park and would like someone to accompany you then you are welcome to ask one of our safety crew who will be in hi viz. We also have a space offsite which we can offer as a respite space for people feeling overwhelmed or triggered. This can also be arranged via the safety crew.

s9(2)(a)

Timings:

- 10:30 hours

Route:

- Plan is to surround the band rotunda and create enough noise to drown out the speakers

Numbers:

- Definitely 500 – but possible up to 2000

Preparation:

- Large Instagram and Twitter messaging directing PRIDE community to attend and bring with them implements for creating noise
- Megaphones, speakers to play music and anything that creates noise
- Described as “Noise of celebration” rather than conflict
- Plan is for tomorrow to be violence free

Leader Confirmation:

- s9(2)(a) confirmed as employed by PRIDE NZ however are not organisers for tomorrow’s event. They are purely attending in support of main organisers
- s9(2)(a) stated he knows who is organising the counter protest however needed to obtain approval to release their details to Police.
- Sent through contact details for s9(2)(a) – some email communication has previously occurred between s9(2)(a)
- PNT will contact s9(2)(a) shortly

Concerns:

- No specific concerns as such

· s9(2)(a) read a Tweet from Posie Parker stating she no longer had a security detail as they were wanting to charge \$2000 – he was concerned about who was going to be looking after her. This came across as him being genuine concerned about her safety PNT messaging was again focused on each group Policing themselves and ensuring the group protested in a legal and peaceful manner

You 24/03/2023 4:53 PM • Thanks Donovan interesting update. 👍

DOUGLAS, Donovan 24/03/2023 5:30 PM •

s9(2)(a)

- Appears to be simply raising awareness for the event via their personal Facebook page of s9(2)(a)
- Expecting approximately 200 people (based on likes and interest)
- Supporters aged between 18-20/30s
- Only concerns are sporadic numbers and unknown people trying to join her support group.
- Contact details provided to s9(2)(a) for PNT should they have any questions or concerns on the day.

DOUGLAS, Donovan 24/03/2023 5:45 PM •

s9(2)(a)

- All relevant information re timings, route, numbers, intentions etc outlined in a detailed email sent by Rhona STACE as a summary of their discussion with s9(2)(a)
- Following discussions between PNT and s9(2)(a) the following is added:
 - s9(2)(a) is the other point of contact for Trans Liberation (s9(2)(a) will request s9(2)(a) permission to pass on contact details to PNT for a discussion).
 - s9(2)(a) will be arriving at 9:30am and the public are due to arrive at 10:30am
 - Stage to be set up by the Fountain in Albert Park (as per Rhona's email)
 - Expecting "a lot" of people
 - Have 20+ Marshalls to help keep the peace amongst their group (they will be dressed in a yellow vest).
 - s9(2)(a) will be wearing a Pink vest
 - Stated safety is their priority and they have trained Special Forces in attendance to protect their most vulnerable people particularly around the stage area by the Fountain.
 - s9(2)(a) Evacuation Plan: If they need to evacuate for whatever reason the meeting location is at the Auckland University which has been pre-arranged.
 - Text tree is happening amongst leaders of the Trans Liberation to advise of any

trouble amongst their own group.

o s9(2)(a) has been provided with a PNT phone number to communicate any concerns or questions.

This email is to reiterate the plan regarding complaints from the protests over the weekend 25-26/3 managed under Op **s6(c)**

In sum, these files will receive the same professional treatment that all other files receive. All files will be assessed and then decisions will be made what files progress for further investigation taking into account the information provided, prioritisation, evidential sufficiency and the SGG.

Can I please request for any email correspondence relating to these files that have the reference **Op s6(c)** in the subject line please. This will facilitate ease of retrieval in the event of a future OIA.

I have discussed with Sgt Kirtlan who is in agreeance with the approach. He will also collate an list of files that are received – at the moment there are three however this is expected to grow. Should something significant change then this can be reassessed.

Please do not hesitate to get in touch for any queries RE the above.

Good morning Chris,

We have some video footage and various photo snips taken from open source pages following the Let Women Speak protest actions on Saturday, 26 March.

Some of this footage may be beneficial to your investigations. As the files are big, we have been unable to email them through, is there an open folder that this information can be saved to that would allow you to have access?

Subject: Complaint files from weekend protests - Op **s6(c)**

Morning all,

This email is to reiterate the plan regarding complaints from the protests over the weekend 25-26/3 managed under Op **s6(c)**

In sum, these files will receive the same professional treatment that all other files receive. All files will be assessed and then decisions will be made what files progress for further investigation taking into account the information provided, prioritisation, evidential sufficiency and the SGG.

Can I please request for any email correspondence relating to these files that have the reference **Op s6(c)** in the subject line please. This will facilitate ease of retrieval in the event of a future OIA.

I have discussed with Sgt Kirtlan who is in agreeance with the approach. He will also collate an list of files that are received – at the moment there are three however this is expected to grow. Should something significant change then this can be reassessed.

Please do not hesitate to get in touch for any queries RE the above.

Regards,

Chris

Chris, Grae, Glenn,

Just so as to ensure a coordinated approach to the complex and dynamic event that occurred can we clarify what expectations are in respect of any investigation phase.

ACC investigations is currently managing a number of complaint files relating to this which I tend to think demonstrates if public wanted to make a complaint they have done so via normal channels.

If Intel had another idea of this type of phase I'd suggest that has some good discussion prior to committing an investigation workgroup. We know all too well how cumbersome these can be to little effect.

For discussion tomorrow.

Thanks very much George, for the update and likewise stepping into the breach re being the Commander for this protest at relatively short notice.

While we would not normally facilitate the movement to the airport it was necessary given the immediate risk.

Well done on managing a challenging operation.

The operation although finished with no arrests or serious issues, there were some challenges that we had to manage but we got there in the end.

Summary

Albert Park.

Relatively low numbers turned up in support of Let Women Speak rally. The main and only speaker Kellie Jay Keen MINSHULL a.k.a Posie Parker turned up around 9.45-10am Around 200+ were there in reception (could have been more). This was at the Rotunda on the park. Across from them were a number of Rainbow Community groups/supporters set up camp by the park fountain. They started off slowly but by 10am or just after, their numbers swelled to over 2-3k at least. By 1030 this group moved over to the Rotunda and this is where it all came to a head. They became vocal and started to move on the rotunda where the speaker was set up. There were threats and intimidation occurred, Posie Parker felt threatened and asked to leave the area. We established an evac team, took her to our vehicles and got her back to the Hub.

Large crowd remained at the park but mainly causing no issues. Part of this group and mainly Rainbow Community members transition to Aotea Centre. **[Out of scope]**

Dear Sean, dear Shaun,
the organisers of Let Women Speak have been sent many links of sites, posts, radio announcements by transactivists who are calling for supporters to demonstrate against our speaking events in Auckland and Wellington. Most are spreading outright lies. Some are bordering on incitement.

These links might be of interest to police.

Hot off the press, an update but inconsequential really.

I've just had the council ring me and I pre-empted my questions to them around compliance and enforcement action so that they have the answers for me at 1130. Essentially I said that we won't be enforcing trespass, we won't be moving anyone on that is camping in the Rotunda and that someone from their team should address that in the morning to move people on.

Shaun

Surely the below at least borders on incitement. It might be useful to know what kinds of weapons transactivists will bring to their protest.

We've called 111 when we saw attacks on the live stream. They said, yeah, we're aware, but your friends have gone there willingly. The police was absent until it was too late. You have written to me, saying that police will attend. So where were your people?

I don't understand. But this is appalling.
Can you please advise what happened?

H s9(2)(a) and Sean

I am not sure how much weight should be placed on this piece of information but I'd still like to advise.

s9(2)(a) has been discussing on social media that he is intending to camp out at the rotunda in Albert Park (our permitted area for Saturday) on Friday night so as to ensure he has infiltrated our designated area to intimidate us and prevent us setting up.

I would think this would be in breach of bylaws.

If this comes to pass, I would expect we would need police assistance in order to set up for our event.

Kind regards

Hi s9(2)(a)

Thank you so much for your suggestions and concerns.

We're working on the fencing plans and will follow your advice exactly: We'll have two layers of fencing in place - with at least two exit/entrance points to meet Council requirements as laid out in your email and in case of any emergency situations requiring evacuation. We have discussed this plan with our police contact and it meets his approval.

You raise a valid point regarding the movements of attendees to and from toilet facilities. Marshalls and guards are advised to accompany anyone with an urge that can't be delayed. We have two backup marshalls that will be able to freely move around, thus more able to assist attendees. Prioritising will be done on a case-by-case basis. If no guards or marshalls are available, attendees will be advised to go in groups.

The Let Women Speak organisers - as you are aware - have obtained a permit and will accommodate every requirement placed on them by Council and Police. Since we are concerned for the safety of attendees and speakers we have hired private security, which is not a requirement by law as far as we know. Please advise. After speaking with the security company, we have increased the number to 6 security guards as I have already advised. There is the ability for the company to call in other staff if required. We also have 10 marshalls monitoring the perimeter.

Let Women Speak is entirely focussed on a peaceful event, so there will be absolutely no danger coming from the Let Women Speak attendees and speakers. Most of the attendees will be women over the age of 40 years. We have messaged the attendees that we have access to, that they are not to engage with any protesters. To this end, the marshalls have been trained in de-escalation techniques, and they have been advised to be focused on the attendees movements rather than people outside the fenced area.

Could you please advise if Let Women Speak are the only permit holders in Albert Park on this day? If any other permits have been issued it would be a matter of public safety to inform Let Women Speak of the fact. If no other permits were issued, any danger would come from the wider public, which is a matter of policing. We have noted your advice, however, that the Police's role onsite is to keep the peace and ensure public safety. Since Let Women Speak are holding an announced and permitted event and are accommodating every possible requirement, the public you mention in your email will be outside of the fenced area, the safety of which the organisers cannot be responsible for.

We're not experts in law and bylaw, etc, so it would be really great if you - or Police (CC Sean Midgley) - could let us know. We're happy to call you at a convenient

Dear Sean, dear Shaun,
Surely the below at least borders on incitement. It might be useful to know what kinds of weapons transactivists will bring to their protest.

We will keep collecting these pieces of information and sending them to you both.

Hi **s9(2)(a)** and Sean

I am not sure how much weight should be placed on this piece of information but I'd still like to advise.

s9(2)(a) has been discussing on social media that he is intending to camp out at the rotunda in Albert Park (our permitted area for Saturday) on Friday night so as to ensure he has infiltrated our designated area to intimidate us and prevent us setting up.

I would think this would be in breach of bylaws.

If this comes to pass, I would expect we would need police assistance in order to set up for our event.

Kind regards

Hi **s9(2)(a)**
Thank you so much for your suggestions and concerns.

We're working on the fencing plans and will follow your advice exactly: We'll have two layers of fencing in place - with at least two exit/entrance points to meet Council requirements as laid out in your email and in case of any emergency situations requiring evacuation. We have discussed this plan with our police contact and it meets his approval.

Dear Sean, dear Shaun,
the organisers of Let Women Speak have been sent many links of sites, posts, radio announcements by transactivists who are calling for supporters to demonstrate against our speaking events in Auckland and Wellington. Most are spreading outright lies. Some are bordering on incitement.

These links might be of interest to police.

Kind regards
