Re: OIA Request

Please see below in response to your request, under the Official Information Act.

I request for all Cambridge guaranteed rank score entries into all undergraduate Bachelor programmes offered by AUT and the number of spaces offered into each programme for Semester One, 2024 and Semester One 2025.

AUT doesn't guarantee entrance into its programmes.

I also request for an average of all Cambridge rank score entrants if held, for each programme.

This information isn't held and would have to be created. Therefore, the request is declined on the basis it doesn't exist.

I also request for the average GPA and the highest and lowest GPA of all applicants admitted to Part Two of the Bachelor of Laws and the number of applicants that were studying at AUT admitted into the programme and the number of applicants that had transferred from any other law programmes in New Zealand, particularly from Victoria University of Wellington, University of Auckland, University of Canterbury and University of Otago and their average GPAs, and the range of the highest and lowest GPAs of all applicants.

The information requested either isn't held and would have to be created. Therefore, the request is declined on the basis it doesn't exist and/or would require significant collation and research. Please narrow your request.

I also request for any additional entry requirements into all programmes, such as portfolios, interviews etc. for school leavers.

Refer to the [Academic Calendar](#) for entry requirements.

Ngā mihi
