Hi **s9(2)(a)**

Ref your telephone call this morning. I can confirm we can add the additional requests to our list. Just a couple of points first.

- I found the 24 June email from **s9(2)(a)** which also attached an email from **s9(2)(a)** on the same day, which I couldn't find in my email folder. That's ok except I don't therefore have the attachments which would have been included with **s9(2)(a)** email. If you could let me have those that would be helpful.

Hi **s9(2)(a)**

I can confirm that the requested diplomatic parking will be reported to the Council's Transport and Urban Development Committee at its meeting on 9 November 2015 and the officers expect to be able to support the requests on the basis that you are able to provide an explanation for the current problems being experienced by the respective embassies/high commissions which we can include in our report. This will include confirmation that they are not able to find/provide suitable off street parking facilities in the vicinity.

There is a formal public notification process under the Council bylaws which provides for the public to make comments in writing and the Committee will consider all such comments before coming to a decision.

I look forward to hearing back from you.

Have attached a recent note/submission from the Iranian Embassy in support of their request (as per **s9(2)(a)** letter of 29 July). Regarding point no. 1 in their submission - privileges and immunities in the diplomatic world revolve around 'reciprocity'. I will check this out with our post in

Iran - but, putting it simply, what we allow foreign missions here impacts on what is provided for our diplomats elsewhere in the world, and vica versa. ??

Hello **s9(2)(a)**

We are working on the four parks for the four embassys and a point of clarification is required in relation to the time restriction needed.

Within the CBD we have 10 locations for DC parking areas as follows:

Mon- Fri 8 am - 6pm x 4 locations

At All Times 6 x locations

In the case of the four locations for DC parks can you advise time period preference. Our preference is Mon-Fri 8am -6pm in the CBD area. I also understand you are requiring 1 park per location ?

s9(2)(g)(i) we can apply to have signage made up to prevent cars parking in front of the embassy,

s6(a)
s9(2)(g)(i)

The Embassy has street frontages on three sides, the front is across the road from a building site so we're less keen to get the cars covered in dust and other debris on a daily basis. The side is a narrow one-way street - cars park on the opposite side of the road from the Embassy wall.

Hi s9(2)(a)

Just letting you know that the resolution reports for the November round are to be finalised soon.
Hopefully we can get a response from the embassies.

We don't want them to wait for the next round of resolutions which will be early next year.

Thank you.

The proposed time period in front of the Iranian Embassy is for 'At All Times'.
We would like to seek your comment should we revise the proposal to 'Mon-Fri 8am-6pm' instead.

Appreciate if you can advise us soon, as we need to respond to the resident who made the submission.

Thank you.

Hi **s9(2)(a)**

I am wondering about next steps for this.

The Iranian Embassy has requested to "exclude the parking of unknown vehicles in front of the Embassy premises", presumably at all times. The WCC has received an objection from a resident and are wondering whether the proposal can be changed to "8am-6pm Monday to Friday".

Hi **s9(2)(a)**

The WCC rang me to say that they are sticking with what they have offered, i.e. one carpark outside the Embassy (DC/FC parking only) between 8am and 6pm. They have had one objector to this. They lumped all the requests in together and did not realise that the Embassy was actually wanting the entire frontage to be for Embassy parking, for security purposes.

s6(b)(i)

They mentioned that the residents are all vying for carparks in that street etc.

I think I should now contact DPS to get a comment/report from them to help the Embassy's cause. I think we have done this in the past.

What do you think?

Dear **s9(2)(a)**

Further to our telephone conversation earlier, we are attaching the Formal Notes we received from the Embassy on 24 March 2015 and 6 August 2015.

s6(b)(i)

We would be grateful if the Council could have another look at this shortly as the request from the Embassy was initially sent to **s9(2)(a)**, on 30 April 2015, following a briefing he gave to the diplomatic corps.

Protocol Division of the Ministry of Foreign Affairs and Trade supports this request from the Embassy. As the Embassy mentions reciprocity in their Formal Note, we have confirmed with our

New Zealand Embassy in Tehran that they are able to apply for signage in front of their Embassy preventing non-authorized cars from parking there.

Please contact me if you have any queries about this as the Embassy is obviously keen to progress this.

Kind regards

Dear **s9(2)(a)**

Please refer to the Embassy's Note No. 200/2858 of 6 August 2015 and Note No. 200/2477 of 24 March 2015.

We are writing in regard to the request from the Embassy to exclude the parking of unknown vehicles in front of the Embassy premises.

The Wellington City Council has proposed that one DC/FC licence plate carpark be allocated outside the Embassy between 8am to 6pm Monday to Friday.

We cannot guarantee of course that the Wellington City Council will accept this proposal as we understand they have already received an objection to the proposal of the one DC/FC carpark.

We look forward to hearing from you as soon as possible.

[UNCLASSIFIED]

Hi **s9(2)(a)**

The Iranian Embassy approached us a number of months ago regarding reserving the carparking in front of its Embassy at 151 Te Anau Road, Hataitai, for visitors to the Embassy only.

Unfortunately, there was a bit of confusion and the WCC processed this as a request for one DC park outside the Embassy, instead of about 4 carparks spanning the entire frontage. It has gone through the process of public notification, received one objection, and the WCC rang today to confirm that, unless they have any further information, the best they can offer is one DC carpark outside the Embassy between 8am-6pm Monday to Friday

s6(b)(i)

I seem to recall in the past that DPS provided reports regarding security issues in support of carparking in front of missions.

Are you able to provide a comment/report on whether NZ Police thinks there are valid reasons for security concerns outside the Iranian Embassy? We have attached the Embassy's Third Person Notes to us.

The other issue is that the WCC would like a response from us by the end of this week, so that they can process this in the current round of carparking requests.

It would be great if you are able to provide a comment to us for on-passing to the WCC on NZ Police's views.

Thanks very much

Kind regards

The Wellington City Council has come back to us with the proposal for one carpark to be allocated outside the Embassy at 151 Te Anau Road. The carpark would have a sign on it that stated that only DC/FC licensed cars would be able to park there during the hours of 8am – 6pm, Monday to Friday.
